O ABOUT US

Lukhdatar & Sons was formed in the year 1997 as an electrical goods supplier. Being able to make good reputation in this field , our rapid growth enabled us to start working as a Turnkey Electrical Contractor in the year 2007. We have completed various very prestigious jobs and are continuing doing so with excellence.

We take up turnkey projects in both Government and Private sectors.

We specialized in SITC of complete electrical services in commercial , housing , Industrial , public and Sub-station projects .

We also have a team to carry out routine maintenance jobs of existing electrical works / completed projects.

Our in-house services include SITC of LV/MV/HV electrical wiring , cabling & switch boards , normal & emergency lighting, general power systems, earthing & bounding , Lightning protection , General electrical refurbishment , HT and LT Panels , Sub-station equipments etc.

Specialist sub-contractors are also used for the following services : Switch gear manufacture, Sub-station , Standby generation, UPS & Security Systems.

Lukhdatar & Sons employees approximately directly employed staff as well as many casual electricians working for our company growth. Over the year we have created capable and committed staff work force to ensure that each contract is carried out efficiently and with complete customer satisfaction.

We believed that the best way to promote our business is through the development of good working relationship with our clients. We aim to provide quality service in customer friendly manner sticking to time limits given to us. We endeavor to earn the trust and confidence of those for whom we work for as well as those who work for us. Our objective is to provide the best possible service within the budget of our valued clients.

We hereby offer a strong commitment to maintain quality, Health and Safety at work. This positive attitude and modestly gained us good reputation and has resulted in repeat business from many satisfied clients.

Lukhdatar & Sons has proven its sustainability by satisfying its valued clients both in Government & Private Sectors.
